

Summary of Spanish env point of view - issues

- ◆ RDP in hands of agriculture dept. (not env. Admin.)
- ◆ <10% of RDP on agri-env
- ◆ <10% of RDP on agri-env
- ◆ 'Axis 1' type payments being used for irrigation, modernisation etc. of most dynamic areas
- ◆ National framework for agri-env is rigid
- ◆ Very poor coverage, and misuse, of ag-env

Summary of Spanish env point of view - solutions

- ◆ **Income foregone system is a handicap – need to move beyond it**
- ◆ **Farming systems that maintain natural values need to benefit MOST, not least from both first and second pillars**
- ◆ **Need to re-focus ALL measures on low-intensity farming systems delivering natural values:**
 - ◆ Not just agri-env, but
 - ◆ LFA
 - ◆ Modernisation
 - ◆ advice
